Sustainable Impact*

Strategic Planning Workshops provided by Jennifer Testa

On October 20th and November 3rd, our program, [Excellence in Nonprofit Leadership](#), hosted a two-part workshop presented by Jennifer Testa. Nonprofits learned components of an effective strategic plan, personal mission statements, and reviewed processes for

developing components to a strategic plan. During the second session, Central Valley Habitat for Humanity was randomly chosen to be the prime example for a mock strategic planning session. Every organization walked out of the session with a replicable process they could start the minute they arrived back at their offices. We are grateful for Jennifer's expertise and can't wait to see how nonprofit organizations put what they learned into practice. A big thank you to Massanetta Springs Camp and Conference Center for providing a wonderful space in their Stewart Room. If you are interested in learning

more about [Excellence in Nonprofit Leadership](#) or if you are interested in contributing to the program, visit our website: www.tchfr.org.

Grants & Scholarships

The **Alvin V. Baird, Jr. Program Endowment Fund** was established in 2005 to support the mission of The Free Clinic in Harrisonburg, Virginia. During its many years of serving this community, the clinic's mission was to provide volunteer outpatient health services to the uninsured in a manner that promoted dignity, wholeness, and the coordination of services. With the closure of The Free Clinic in 2020, the board of The Community Foundation approved an annual competitive grant process for this endowed fund to continue to support the mission of the former Free Clinic, by distributing grants to nonprofit organizations addressing the unmet healthcare needs in Harrisonburg and Rockingham County community .
